3. BCom Breadth Requirements

The purpose of the Breadth Requirement is to ensure all students graduating with an Honours degree from the Faculty of Arts & Science have chosen courses across a broad range of subject areas in the Faculty as part of their undergraduate education.

1. Creative and Cultural Representations
2. Thought, Belief, and Behaviour
3. Society and Its Institutions
4. Living Things and Their Environment
5. The Physical and Mathematical Universes

Students must take at least 4.0 full-course equivalents (FCEs) that have been designated as satisfying the Breadth Requirement. These 4.0 credits must be either:

- (a) at least 1 FCE in each of any 4 of the 5 categories above, OR
- (b) at least 1 FCE in each of any 3 of the 5 categories, and at least 0.5 FCE in each of the other 2 categories.

Effective Fall 2017, all BCom students will be subject to the same breadth/distribution rules as students pursuing HBA or HBSc degrees. Courses which previously did not count toward the Rotman Commerce breadth/distribution requirements, particularly MAT133Y and ECO220Y, will now count as outlined in the [Rotman Commerce excerpt of the Faculty of Arts & Science Calendar](#). This change is retroactive and applies to all students currently enrolled in a BCom degree program.
