

RSM417 SC ANALYTICS

Supply Chain Practicum

01

PURPOSE / OBJECTIVE

Create an opportunity for students to work on supply chain projects with a company in North America.

02

WHAT TO EXPECT

- Interact with stakeholders in a company
- Work with AI-enabled analytic tool
- Present insights to company executives

03

DELIVERY METHOD

- Lectures with case studies and discussions
- Hands-on learning experience by working with company stakeholders

04

NEXT STEPS

Look for course registration details this summer on ACORN. In the meantime please do not hesitate to contact me with questions.
