

Kristy

Vancouver, British Columbia
Specialist in Management, Class of 2019

Why did I choose Rotman Commerce? I chose this program because I wanted the full University experience in terms of attending school away from home and learning how to be more independent. I also heard good things about the program from my upper year friends who were studying in Rotman at the time.

What do I do outside of class? During my leisure time I enjoy finding the best restaurants to dine at with my friends. If I'm not out exploring the city, you would probably spot me attending dance classes, working out, or catching up on the latest series released on Netflix.

What surprised me most about Rotman Commerce? There are many information sessions with different companies coming to Rotman. Attending these events will definitely give you a better idea on what you would like to pursue in the future.

What is my advice to incoming students? I encourage students to make the most out of their university experience. You only get to live as an undergraduate student once, so make this experience your very own. Whether it's joining a club, attending social events, or even creating a club. My biggest advice is to just go for it!

My highlight at Rotman is making long-lasting friendships with my roommates and being able to contribute my ideas to the Rotman Commerce Program Office while I was working there.

The best thing about Toronto is that it's always busy. From when the sunrises till it sets, Toronto is the place to be if you're a city girl like me!

The best thing about the University of Toronto is the beautiful campus with a variety of different types of buildings.

My favourite place to eat in Toronto: I'm a fan of eating desserts so I highly recommend Cacao70 if you're a chocolate lover.
