

Ranminie

Toronto, Ontario

Specialist in Accounting, Class of 2018

Why did I choose Rotman Commerce? I chose Rotman Commerce because it is a world-renowned program. Since Rotman is in the heart of downtown Toronto, it gave me the opportunity to network often with industry professionals and plan my future career.

What do I do outside of class? I'm the finance executive for the University of Toronto Business Association, work part-time at the Regent Park School of Music, and do archery with the Hart House Archery club.

What surprised me most about Rotman Commerce? The diversity and the number of opportunities available at Rotman to grow professionally.

What is my advice to incoming students? Don't be afraid to try new things and get involved in the Rotman Commerce and U of T community.

My highlight at Rotman is participating in case competitions and meeting some of my closest friends.

My favourite non-Rotman Commerce course was STA201 because they offered a very interactive way of learning and EAS110 because I love learning new languages.

The best thing about Toronto is the food and multiculturalism!

The best thing about the University of Toronto is that there are 800 different clubs and you are bound to find something that you are interested in.

My favourite place to eat on or around campus is the cafeteria in Robarts library.
