

Build a path to your future

The RC Career Journey is a model that will help you navigate your career. Take time to explore a process that evolves with you as you acquire new skills, aim towards new aspirations, and achieve your goals.

● Discover

- Identify your strengths, interests, values and personal style
- Investigate careers and identify skills to help you pursue new goals

● Develop

- Showcase your unique experience and personal brand
- Map out a strategy that's right for you

● Experience

- Collaborate on real-world challenges in diverse environments
- Expand your network and make meaningful contributions

Resource and services map

Discover

- Career Leader assessment
- Employer information sessions
- Coffee chats
- Alumni mentorship program

Develop

- One-on-one coaching
- Networking events with peers and alumni
- Workshops with recruiters
- Technical training

Experience

- Career treks
- Business case competitions
- Summer work placements and internships
- Job search strategies

This is not about fitting you into a role. It's about finding a role that fits you.

It pays to hit pause and to take some time to reflect regularly. Are you making the right choices? Are you qualified for more than one career path?

Ready to connect?

You're at the centre of this journey, creating a future as unique as you are. The Career Services team will help you get there.
